Premiums:

Prize money will be \$125, \$100, \$75, \$50, \$25, paid to each of the three specification windows, for animals meeting window specifications, for the first through fifth place with the balance prorated as premiums from first to last according to carcass value per day on feed and ribbon placing, according to money available. Red and white ribbon animals (those not meeting specification window values) will be paid a premium rate to be determined by a percent value of the carcass value per day on feed. Determination will be made by dividing the last place value in the blue ribbon group by the value of the highest place animal of the three windows combined. Each value per day on feed not meeting window specifications (or in the red ribbon groups) will be multiplied by this percent figure to find a value per day on feed figure that will then be used to figure the premium for that animal that will be paid. A purple, blue, red, or white ribbon will be presented to each entry in both live and performance classes. Placing ribbons will be given to the top ten places in both live and performance class windows. Those entered and shown in the Produce Class will be paid an additional \$5 in addition to Produce ribbons. The Champion Produce Performance Beef entry will receive \$25 premium.
